At SAGAR BRASS INDUSTRIES, from Jamnagar, Gujarat, we have been actively and dedicatedly producing a wide assortment of products for all our valuable clients. Its because of the hard work and experience of our team that we have been capable of offering our patrons top class products.

Our Infrastructure

We are very much dependent on our extremely competent and sophisticated manufacturing units including our team of experts. We make every possible effort in order to fulfill the demands and requirements of the customers considering their respective specification.

Client Satisfaction

Improvement and resourcefulness are the two fundas that we have always resorted for the success of our company. We work in association with our clientele to offer all of them with the products, which are in tuned with their specific business objectives.

Our Viewpoint

We follow a practical approach in all our communication and dealings with our customers, who have always respected our endeavors to offer them with the best quality of products. We strongly believe that our well-organized and customer oriented services have unlocked many gates for the pervasive acknowledgment.

BRASS BATTERY TERMINALS

We are offering brass battery terminals • angle-casting • angle unique • strip casted • strip forging ex-heavy wing nut • lancer terminal • hans • universal heavy casted • telco • lucas 10mm ct • lucas forging uk 11 mm • lucas general range • lucas forging ex heavy brass finish • universal oe size as per customer specifications. Threads iso metric (mm threads), ba, bsw, unc, unf or as per customers requirements material free cutting brass is 319 type (i), free cutting brass as per bs 249 type (i), high grade free cutting brass, any special brass material composition as per customers requirement. Send inquiry finishplating natural, tin platted, nickle platted or as per customer specifications.

BRASS HOSE FITTINGS

Top-notch quality Brass Hose Fittings are available with us. We are enlisted among the prime Manufacturers, Exporters and Suppliers of Brass Hose Fittings from India. We deal in both standard design as well as custom-designed Brass Hose Fittings. These quality approved fittings that we offer are durable and corrosion resistant. Further, these can be procured from us as per the requirement at the best market prices.

BRASS ELECTRONIC COMPONENTS

Based in Gujarat, we are a celebrated Manufacturer, Exporter and Supplier of Brass Electronic Components from India. Brass hex spacers (male/female), brass round spacers, brass standoffs, circuit board clamps, circuit board terminals, brass captive screws and brass panel board screws are the types of Brass Electronic Components that we offer. These components are precisely designed for fastening and mounting elements, power distribution system, electrical installation material, junction box accessories, meter cabinets, switchgear equipment, switching panel accessories, electro mounting, electrical appliances manufactures, switchgear manufacturers, power distributors, electrical contractors, cable industries, energy sector etc. Our complete range of quality approved Brass Electronic Components is well-known for exceptional durability and high reliability. Also, these are economically priced not to burn holes in the pockets of valuable customers.

AUTOMOBILE TURNED COMPONENTS

Our company is a distinguished Manufacturer, Exporter and Supplier of Automobile Turned Components from India. Made from premium grade metal, our complete range of Automobile Turned Components is precision engineered as per set industry standards. Every component is quality tested and approved by the authorities. Our Automobile Turned Components can be purchased from us as per the requirement at the best market prices.

Other Specifications : Available in material: brass, copper, steel, ms, ss & others as per requirements Standard tapping & threading typ: e ba (asa-ba), unf, unc, bsf, bsp, bsw, npt, uns, metric & other as per specifications
Finishes: natural plain, nickel, tin plate, silver, gold & other coatings as per specifications

Our Services

BRASS PRECISION COMPONENTS

We are entrusted with a task of manufacturing, exporting & supplying Brass Precision Components in the global market. We are supported by a group of personnel who make use of the finest grade material for their construction. Their perfection, precision and price have fetched so many buyers in the market. Buyers are free to place orders with us, we ensure timely deliveries.

Specifications :

- Brass Precision Turned Components
- Measuring Instrument Parts
- Automotive Parts
- Telecommunication Parts
- Machine Parts
- Fluid Control Parts
- Decorative Parts
- Drawn Parts

Application : Instrument Manufacturers, Telecommunication Sector, Automotive Industries, Decorative Lightning Industries, Machinery Manufacturers.

Material : Brass, Copper, Steel, MS, SS & others as per requirements

Standard Tapping & Threadings : Type BA (ASA-BA), UNF, UNC, BSF, BSP, BSW, NPT, UNS, Metric & other as per specifications.

Finish : Natural Plain, Nickel, Tin Plate, Sliver, Gold & other coatings as per specifications.

BRASS CABLE BLOCKER

Another variety that we bring to our prestigious patrons is Brass Cable Blockers. Our company name figures among top-notch Manufacturers, Exporters & Suppliers of Brass Cable Blockers in Indian and overseas market. Sturdy built, high performance and long service life are few words that better describe our Brass Cable Blockers. Modern manufacturing techniques have enabled us to furnish standard as well as specific demands of the buyers.

Specifications :

We have wide range of Cable Gripper Items Suspension Grippers, L1, L2 Ceiling Assembly & L4 Cap screw L3, L5 & L6 Gridlocks, Bottom Exit, Side Exit & Bottom Exit Cable Gripper, Cable Grips & Brackets "S" & "L" Type Pipe, 1/4 x 6" Straight Pipe, 1/4" Body, Swivel BIG, Forging Hook & Loop, Cable Gripper - 1/4 NPS, Gripper 3/8 NPS Small & Big, Gripper 1/8 NPS Plain, Cone 1/8 or M10 Thread, Cord Gripper M10 or 1/8 Thread, Cylinder Heavy M6 or 1/4 NPS Thread, Slotted Cylinder M10 or 1/8 NPS Thread.

Any kind of Brass Cable Blocker / Gripper we can be Developed and Supplied Exactly As per Customer Drawings, Design, specifications, Samples & Requirement.

BRASS FITTINGS

Our domain expertise lies in manufacturing, exporting & supplying Brass Fittings from Gujarat, India. Manufactured with perfection, our Brass Fittings are also attainable in tailored specifications. Further, we have a capacious warehouse facility for furnishing urgent and bulk requirements of the buyers. With us, buyers are free to place orders, timely deliveries are what we ensure.

Specifications :

- Brass Fittings
- Brass Square Head Plug, Pipe Thread
- Brass Countersunk Hex Plug, Pipe thread
- Reducing Bush NPTF (M) x NPTF (F)
- Brass Hex Head Plug, Pipe Thread
- Brass Pipe Thread Pipe Cap
- Reducing M/F Adaptor
- Brass Pipe Coupling
- Brass Reducing Coupling
- Brass Hexagon Nipples
- Brass Long Round Nipple
- Female Cross
- Close Nipple
- Female 90° Elbow
- 45° Forged M/F Elbow
- Forged Female Tee

Material : Any special brass material compositions as per customer's requirement.

Threads : ISO metric, MM, PG, BSW, BSP, BSB, BSF, BA, NPT, NPTF, UNC, UNF, UNEF etc. Any threads as per customer's design.

Finish & Coating : Brass Natural, Electro Tinned, Nickel, Chrome, Led, Silver, Gold, Zinc Blue etc.

BRASS ELECTRICAL PARTS

Since inception, we are in the business of manufacturing, exporting & supplying Brass Electrical Parts, globally. Designed and developed after complete market research, our Brass Electrical Parts stand high on performance parameters and expectations. Further, we make them available in numerals of ratings for the ease of the buyers. One can rely on us for reasonable prices and timely deliveries.

- Brass Electrical Components
- Brass Terminals
- Brass Contact Pins
- Brass Switchgear Components
- Brass Plug & Socket Parts
- Brass Electrical Fittings
- Brass HRC Fuse parts
- Brass Electro fusion Parts

Application : PCB Manufacturers, Telecommunication Sector, Computer & Peripherals Industries, Electronic Hardware Manufacturers etc.

Material : Brass, Copper, Steel, MS, SS & others as per requirements.

Finish : Natural Plain, Nickel, Tin Plate, Silver, Gold & other coatings as per specifications.

BRASS SANITARY PARTS

We are a trusted name, involved in manufacturing, exporting & supplying Brass Sanitary Parts from Gujarat, India. In order to furnish variegated demands of the buyers, we have installed a physical facility at our premises. Further, we make use of the best grade basic material for manufacturing them. We have a capacious storage facility wherein we keep our Brass Sanitary Parts for urgent and bulk requirements. Our prices are also quite nominal.

Material : Free Cutting Brass IS 319 Type (I), Free Cutting Brass As Per BS 249 Type (I), High Grade Free Cutting Brass, Any Special Brass Material Composition As Per Customers Requirement.

Size : As per customer specifications. Zinc Blue etc.

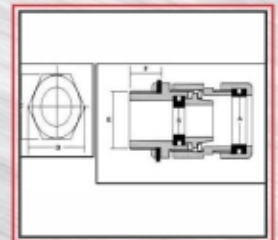

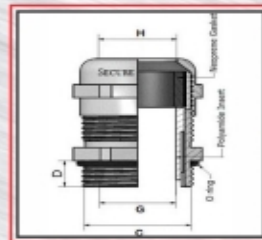

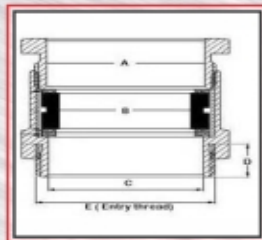

Thread :

- UNEF Threads
- NPTF Threads
- NPT Threads
- BSP Threads
- BSPT Threads
- Metric Threads & any special threads as per customer specifications.

Finish :

- Natural Brass
- Gold Plating
- Chrome Plating
- Blue Special Chrome Plating
- Nickel Plating
- Any special finish/plating as per customer specifications.

SECURE CABLE GLANDS

With years of experience, we successfully offer Secure Cable Glands. The Cable Glands are sternly designed, manufactured using qualitative raw material, components, and that too under the leading light of professionals. We have successfully incorporated sophisticated machines and cutting-edge technology; thus, we are capable of making fast and bulk production. We are working with a pool of highly experienced team members; they make certain that the Secure Cable Glands are as per the Set Industrial Standards.

Single Compression Technical Drawing :

- Design Specification : IS/IEC 60529:2001
- Protection Class : IP 60
- Gland Material : Brass
- Thread : ET, MPT, Metric, PG, BSP
- Finish : Michel (Chrome, Tin etc)
- Operating Temperature : 30C TO + 100C
- Seal Material : Material Rubber
- Accessories : Shnowed, Earth Tag

Double Compression Technical Drawing :

- Design Specification: IS/IFC 60529:2001
- Thread : ET, NPT, Metric, PG, BSP (Go NOGO)
- Gland Material : Brass/SS
- Finish : Nickel (Chrome, Tin etc)
- Protection Class : IP 66
- Operation Temperature : -30c to + 120c
- Seal Material : Nitrile/Neoprene
- Accessories : Shroud, Earth lag. Reducers, Stoppers & Adaptors

SINGLE COMPRESSION CABLE GLANDS

We are instrumental in offering perfectly designed and manufactured Single Compression Cable Glands. The offered Single Compression Cable Glands are produced in the state of the art unit that is equipped with ultramodern machines and cutting-edge technology for the fast and bulk production. We are staffed with highly experienced team members; they ensure that the Single Compression Cable Glands are as per the International Standards.

Details

- These Glands are used with both indoor and outdoor, in all climatic conditions as it is weatherproof and dust proof (IP-60.)
- These glands are available in different size and suitable for all cables up to 1000 sq. mm and control cable up to 61 cores.
- It consist 3 parts : 1- Gland nut 2- Gland body 3- Bush
- Size : 3/8" (10 mm) to 4"(100mm)
- Thread : Bs cond (NPT, PG, Metric, BSP Thread available)
- Material : Brass Nickel Plated
- Ingress Protection : IP 60
- Sealing Rubber : Natural/Niterile

DOUBLE COMPRESSION CABLE GLANDS

We are well-known in this domain as a prominent name offering the best in class Double Compression Cable Glands. We have years of experience and thus, we successfully offer Double Compression Cable Glands that are sternly designed, manufactured with qualitative material, components. The production commences under the leading light of professionals. We have incorporated latest machines and technology and thus, we are capable of making fast and bulk production. We are working with a pool of highly experienced team members; they make certain that the Double Compression Cable Glands are as per the Set Standards.

Details
